CLINICAL SERVICES

Child & Family Services’ mission is “...to heal and strengthen the lives of children and families.”

WWW.CHILD-FAMILYSERVICES.ORG
COUNSELING SERVICES

Child and Family’s comprehensive mental health services help individuals and families cope with the challenges that life often puts before us. Counselors are available to help deal with the many problems confronting children, teens, adults, seniors and families.

If you or a family member is facing any of these or other issues, we can help:

● Depression
● Anxiety
● Trauma Recovery
● Family and Relationship Problems
● Behavioral Problems
● Attention Deficit/Hyperactivity

Trained therapists will conduct a comprehensive assessment to determine the needs of the individual and family and how we can best be of service.

MEETING YOUR NEEDS

The focus of all of our services is on the needs of the individual within the context of the family and the community. Family therapy is often the treatment of choice and we work closely with local resources to see that all of the needs of each client are met.

Some individuals need more than counseling to help resolve their issues. When necessary, psychiatric services are also available for persons involved in counseling at Child and Family.

Our doctors provide a psychiatric assessment and medication management as part of our comprehensive treatment services.

PSYCHIATRIC SERVICES

Child & Family Services provides counseling services to almost three thousand children, adults and families every month.

Therapeutic Mentoring and In-Home Therapy provide support services to families in need in the Greater Fall River area.

Child and Family Services accepts Mass Health and most private insurances.
